CRACKACADEMY

— **FRANCHISE DOCUMENT** —
AN OVERVIEW

Crack Academy (Earlier Crack IAS) is India's first online EdTech platform for UPSC Civil Services Examination, started in 2007. Over the past 15+ years, we have realised that crores of small town students lag behind, due to lack of national level coaching facilities, right guidance and classroom experience. We want to establish franchise-owned company driven physical classrooms in smaller towns across India, thereby bridging critical learning gaps with our AI based EdTech platform.

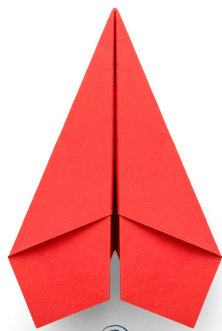

OUR VISION

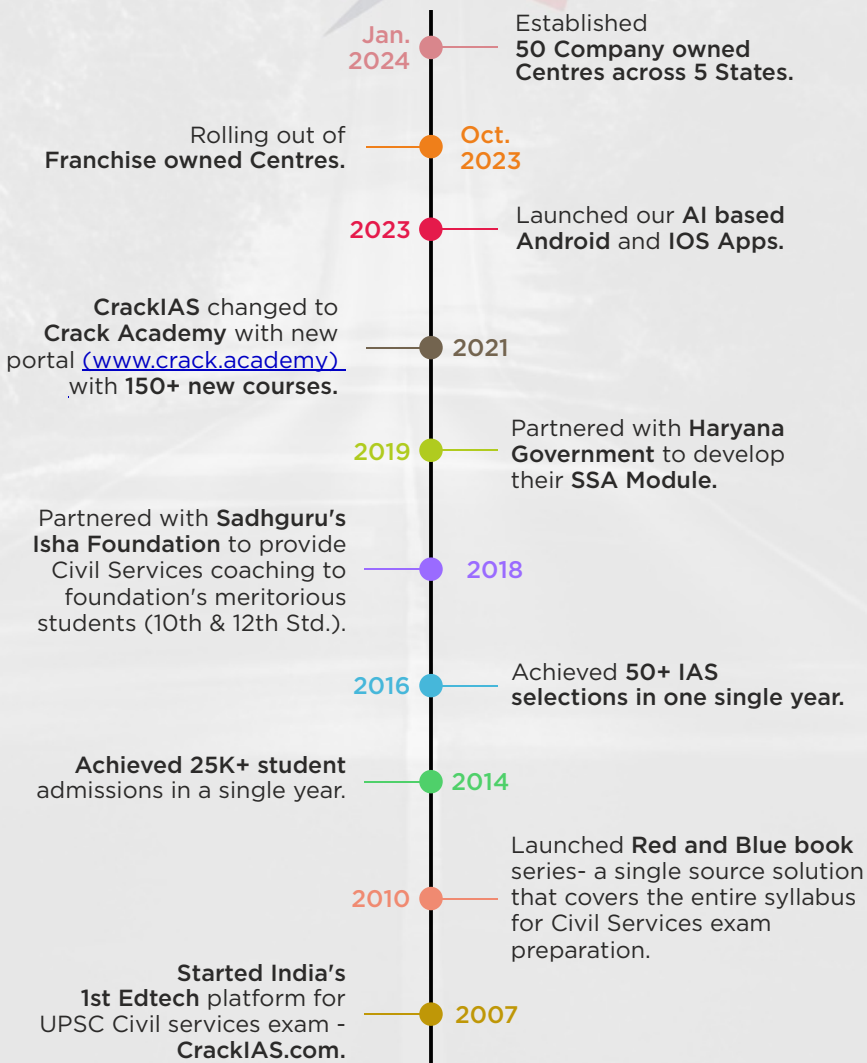

Our Vision is to boost the raw potential of the hardworking, sincere students in small towns by bringing national level quality education to their doorsteps.

OUR MISSION

Our Mission is to open one Centre per small town across India to bring affordable National Level Coaching facilities to these areas. We aim to transform the lives of 5 million students in small towns by 2030.

OUR JOURNEY

OUR TEAM

NEERAJ KANSAL
Founder & CEO
(Chief Executive Officer)

He is a Civil Engineering Gold Medalist, selected thrice for UPSC interviews. An Entrepreneur with 20+ years of experience, he has successfully pioneered multiple business ventures and believes in shared prosperity.

WHY EDUCATION BUSINESS??

Recession proof industry like Travel and health sector. Devoid of upward and downward cycle.

No money gets stuck in credit or bad debts.

Continuous source of income for you.

A reputable business to be a part of.

A lucrative side business offer owing to minimum involvement and very low expenses.

A business with huge potential owing to the number of aspirants increasing multifold every passing year.

CASE STUDY (IMPACT THAT EDUCATION CAN MAKE ON INDIVIDUAL LIVES.)

32-year-old Ranjitsinh Disale, a government teacher from Zilla Parishad Primary School, in Paritewadi village, Solapur district of Maharashtra has won the annual Global Teacher Prize 2020 in recognition of his efforts to promote girls' education in his village and trigger a quick-response (QR) coded textbook revolution in India. He made efforts and added QR codes to textbooks of primary classes to provide links to audio poems, video lectures, stories and assignments.

He also worked towards education for girls and teaching people about the ill-effects of teenage marriage. His efforts helped to achieve 100% attendance of girls. His efforts have resulted in reduction in teenage marriages, high turnout of girls into schools, and higher literacy rates. He is now making efforts for educating the girl students to prepare for competitive exams.

Ranjitsinh has also created history by announcing to share half the prize money with the nine finalists from across the world for the award, where each one will receive about \$55,000 each.

SUCH IS THE POWER OF EDUCATION. ANY PERSON WITH A VISION OF BRINGING CHANGE CAN DO THIS!

HOW CAN WE DO THIS???

Every year more than 1 crore aspirants prepare for competitive exams like Civil services, SSC, Railways, banking and a variety of other competitive exams. Armed with great aspirations, these students pin their hopes on the best coaching institutions for exam preparation in the face of stifling competition. While students in Tier I & Tier II cities have access to good quality content and faculty, students in Tier III and Tier IV cities are short-changed due to a lack of competitive study materials and tutorials.

This inaccessibility of quality education in Tier III and Tier IV cities can be addressed to a large extent by utilizing the technology developed by Crack Academy.

Providing live classes by best teachers from Delhi and offline content to enhance learning is a big opportunity to not only make a meaningful impact on children's lives but also to establish a respectable business. This dual objective stems from the belief that education can be a powerful catalyst for societal progress.

WHY CRACK ACADEMY

KEY HIGHLIGHTS OF PARTNERSHIP WITH CRACK ACADEMY-

Proven
track record
of over 17 years.

No other model in
education for Tier-3 &
4 towns, we are bringing
it for the first time, it's a
niche market.

Investment
is very low, similar
models that do for
larger cities involve
high initial investment,
and high running costs.

Low
involvement
model, continuous
support by company.

OUR CLASSROOM SETUP

300 - 350
Sq. ft. area
needed.

10
courses to
run everyday

Should be near
centre of City or
some education
hub.

Area
owned or
rented
no problem

All
infrastructure
- Furniture, TV,
Flooring,
wallpaper etc. to
be provided
by us.

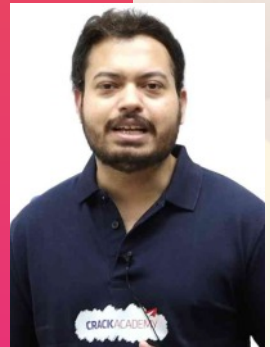

Let's take a tour of Crack Academy's Classroom.

COURSES & THE EDUCATORS

Crack Academy holds Intellectual Property Rights (IP) to 150+ courses encompassing a diverse range from **Competitive to Vocational Courses, 6th to 12th Class Academics, and Campus placement training programs** complemented by a **personalized mobile application**, providing seamless access to content anytime, anywhere.

At the helm of Crack Academy is **Mr. Swetank Pandey, an IIT Madras and MIT Boston alumni**, serving as the Chief Content Officer (CCO). Swetank Pandey leads the charge in creating content that is not only engaging and informative but also consistently updated to align with the dynamic requirements of current exam standards. This is further complemented by our team of 100+ educators based in Delhi, each bringing unique teaching methodologies and exceptional expertise.

MR. SWETANK PANDEY

DUAL TEACHER ADVANTAGE

Crack Academy offers a unique dual-teacher advantage, where one teacher imparts the lesson, and the second live teacher addresses queries and clarifies the student's doubts. This teaching model allows the students to engage with instructors, seek clarification on doubts, and experience all the interactive elements synonymous with a traditional classroom setting-albeit without the teacher's physical touch aspect.
